

don't work. Behavior & way visitors/patients  
difficult to know who not in looking at  
Surge cards.

legitimate means re number of staff,  
& who annual leave for today  
holding @ every single patient not sharp  
shot, will determine action we  
take regarding level of action to  
take.

Know request remove from direct  
patient care duties. During annual  
leave, drill due date.

(DS) Concern on part of review,  
worry to 2 who, off for 2 who,  
6 who, concern for who/committees.

(TC) Not including police, anything,  
reminds of us deep dive, could  
be range of consequence  
Went police investigate, if  
sufficient pattern, restrictive duties,  
encardhesive, regroup. Reminds  
not to do review

(SPC) Could be anybody. When heard about  
practices going by clinicians, receiving  
open mind?

(TH) Explain

Kalid - busy there after incident.

(SPC) esp on, no record of calendar,  
Kalid - unit so busy, why not write?

(TC) Know unit under extreme pressure,  
reminds with help, acuity of patients  
changed

(DS) No other unit see circulate mistakenly

(TC) & who drill done, look at both  
look concerns, not criticizing anyone.  
Know with people of who, police,  
restrictive duties

(DS) Walk onto unit, see individuals

(TC) will be assurance.

(DS) Remember any care more than once,  
care never perfect, least, concern  
there to this individual. All clinicians  
come back, not going to reappear  
let us that issue comes back.
